

Calculated and Smoothed Waihee Erosion Rates

Waihee - Shoreline Positions and Erosion Rates

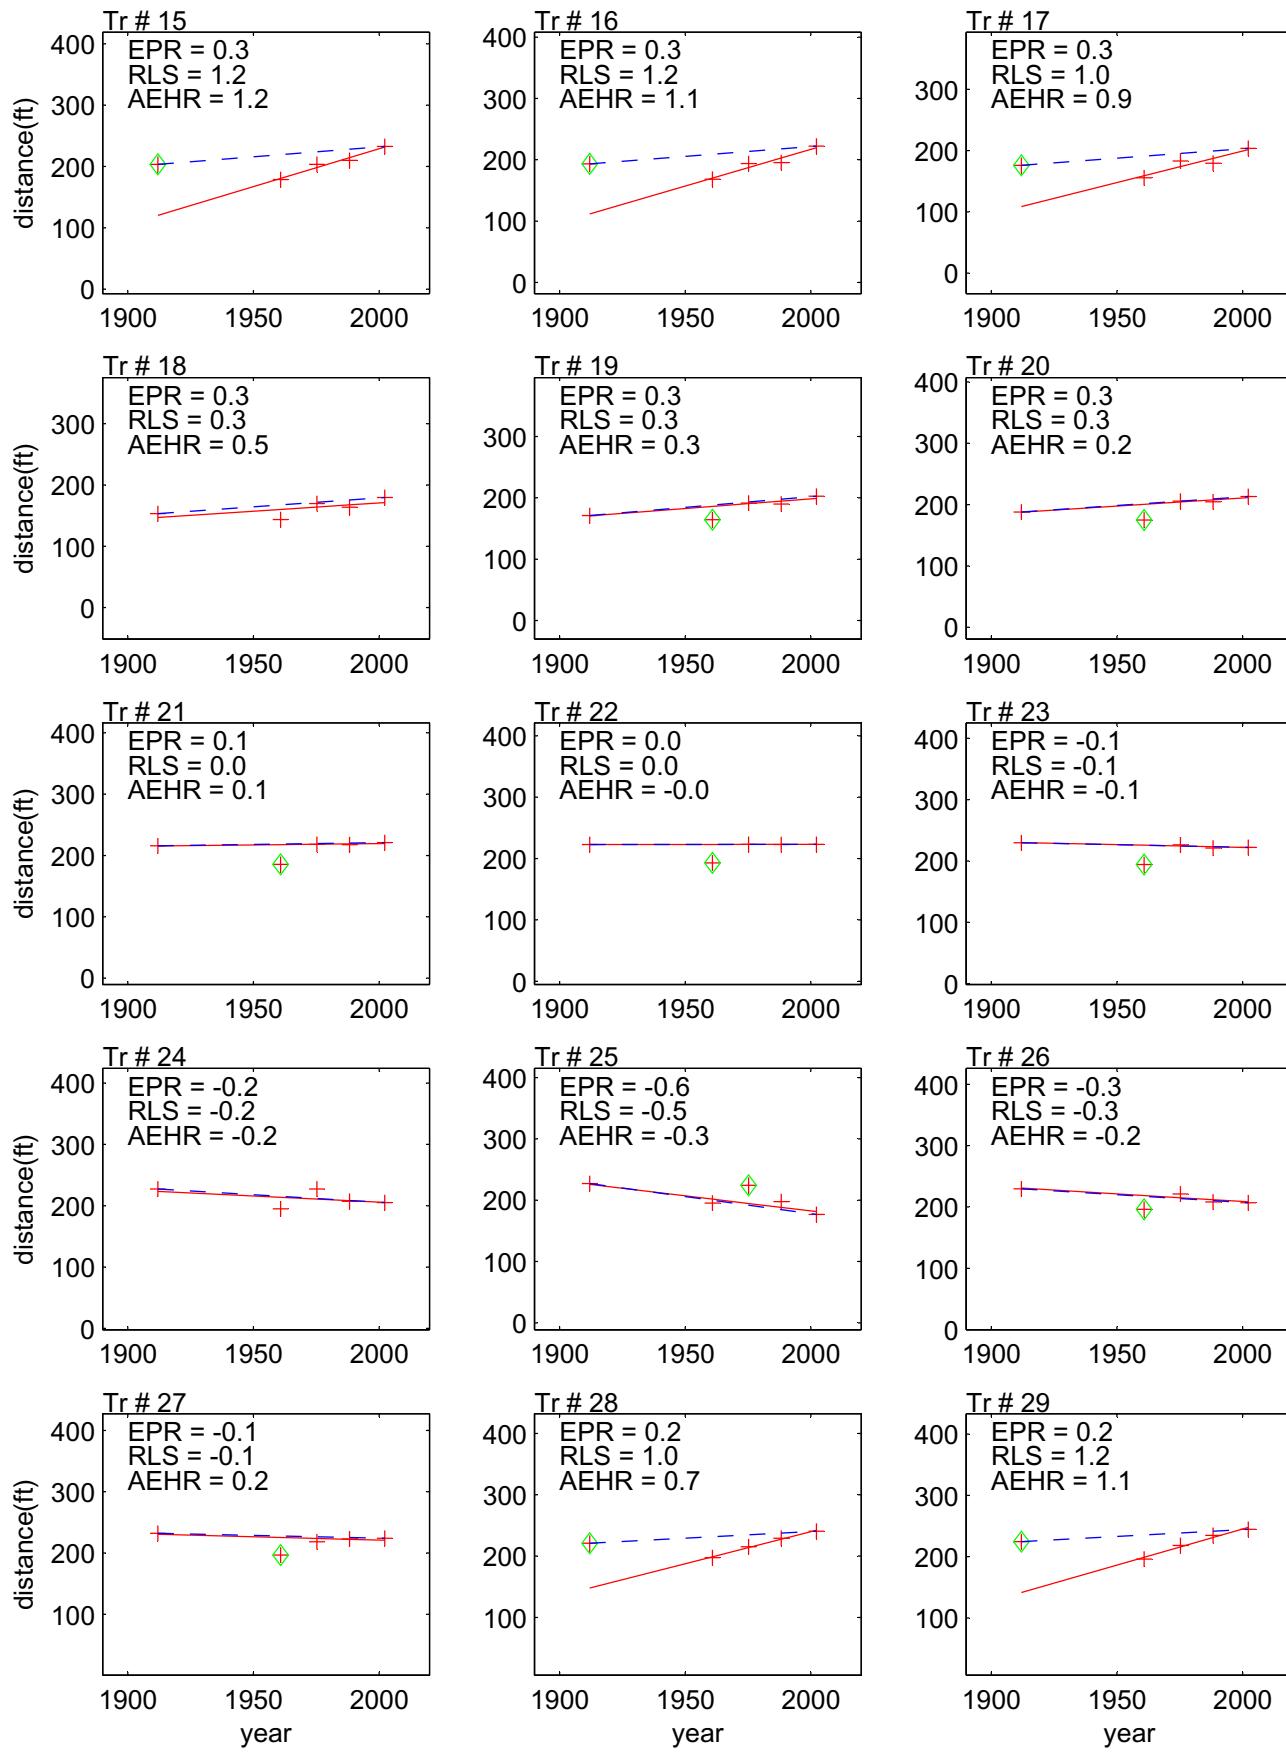

+= Shoreline Position

◇= Outlier

□= Hardshoreline designated at that
transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

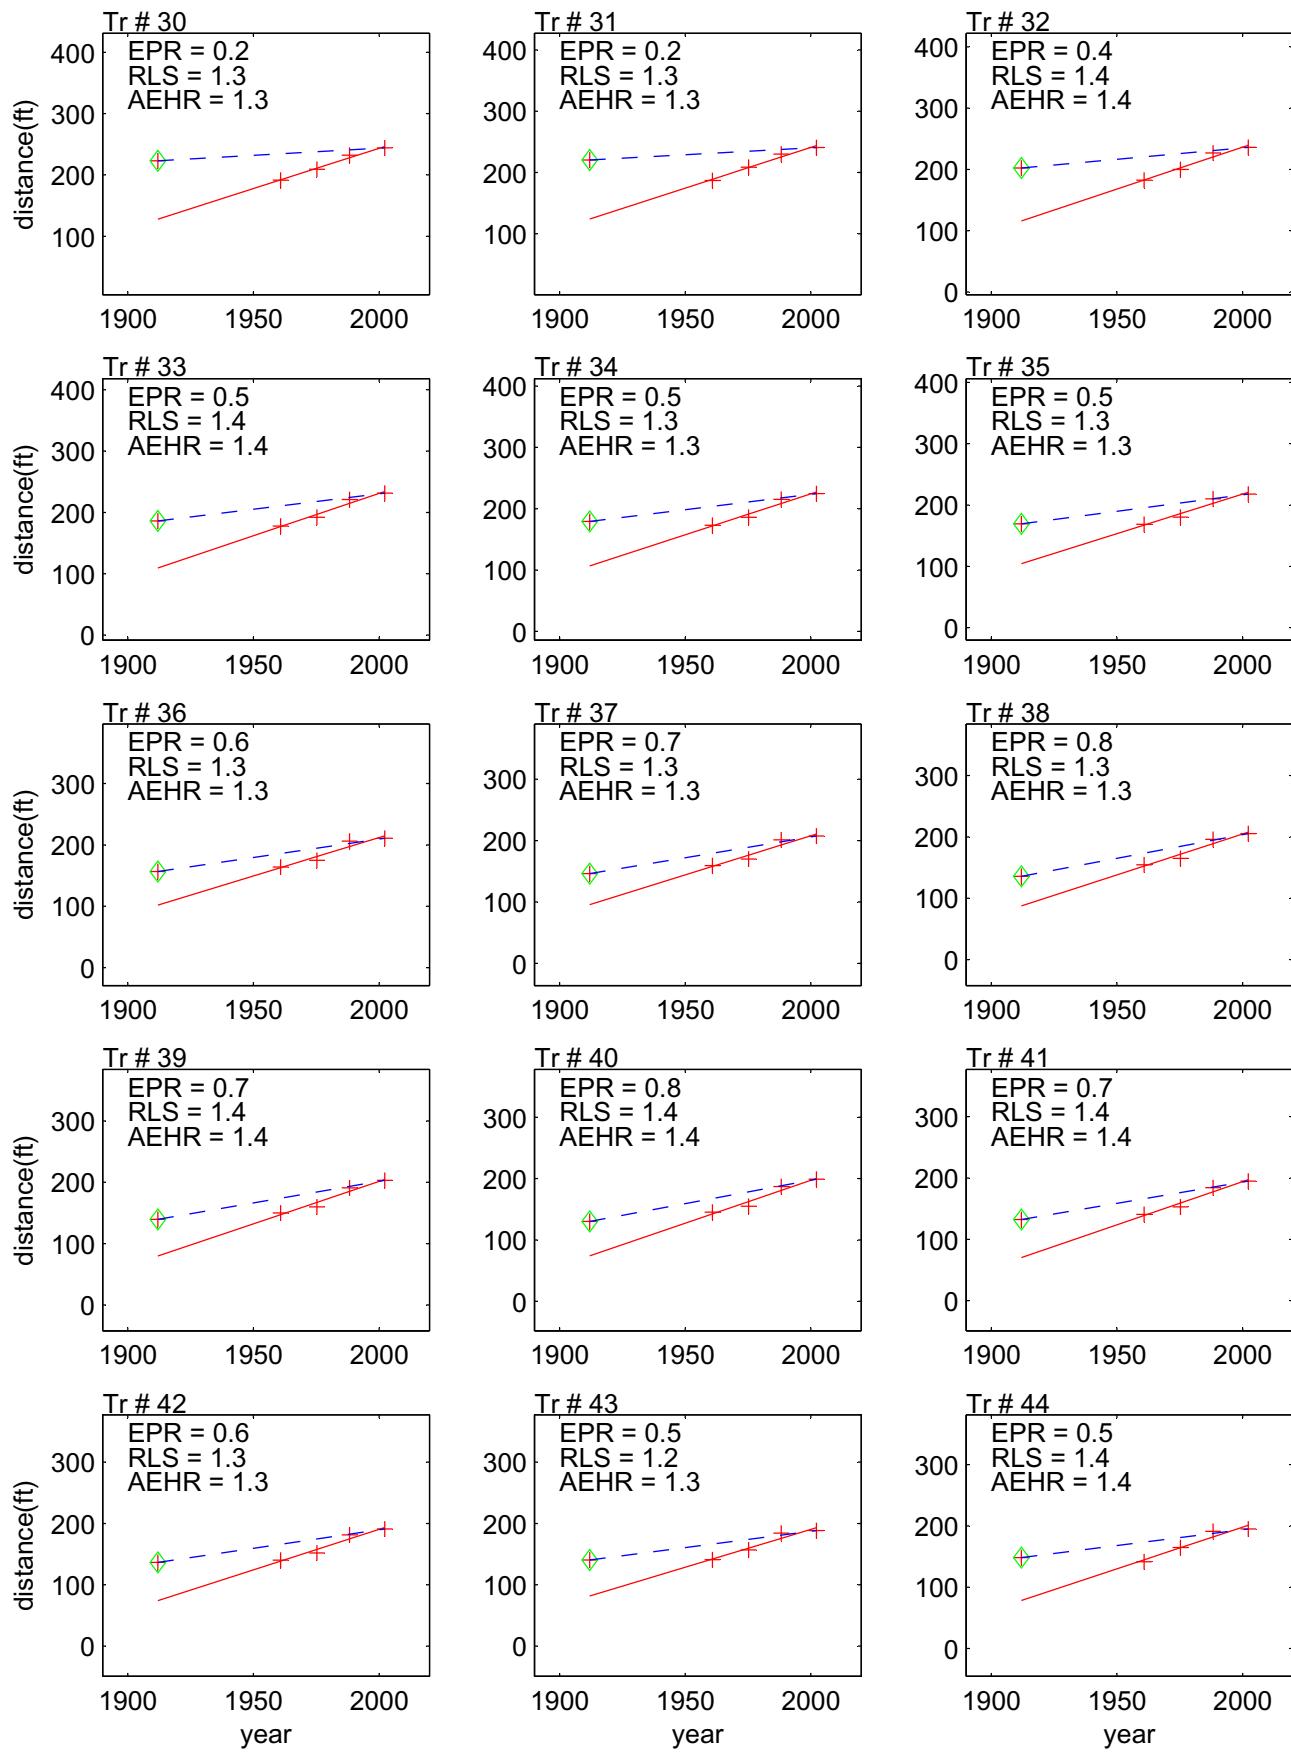

$+$ = Shoreline Position

\diamond = Outlier

\square = Hardshoreline designated at that transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

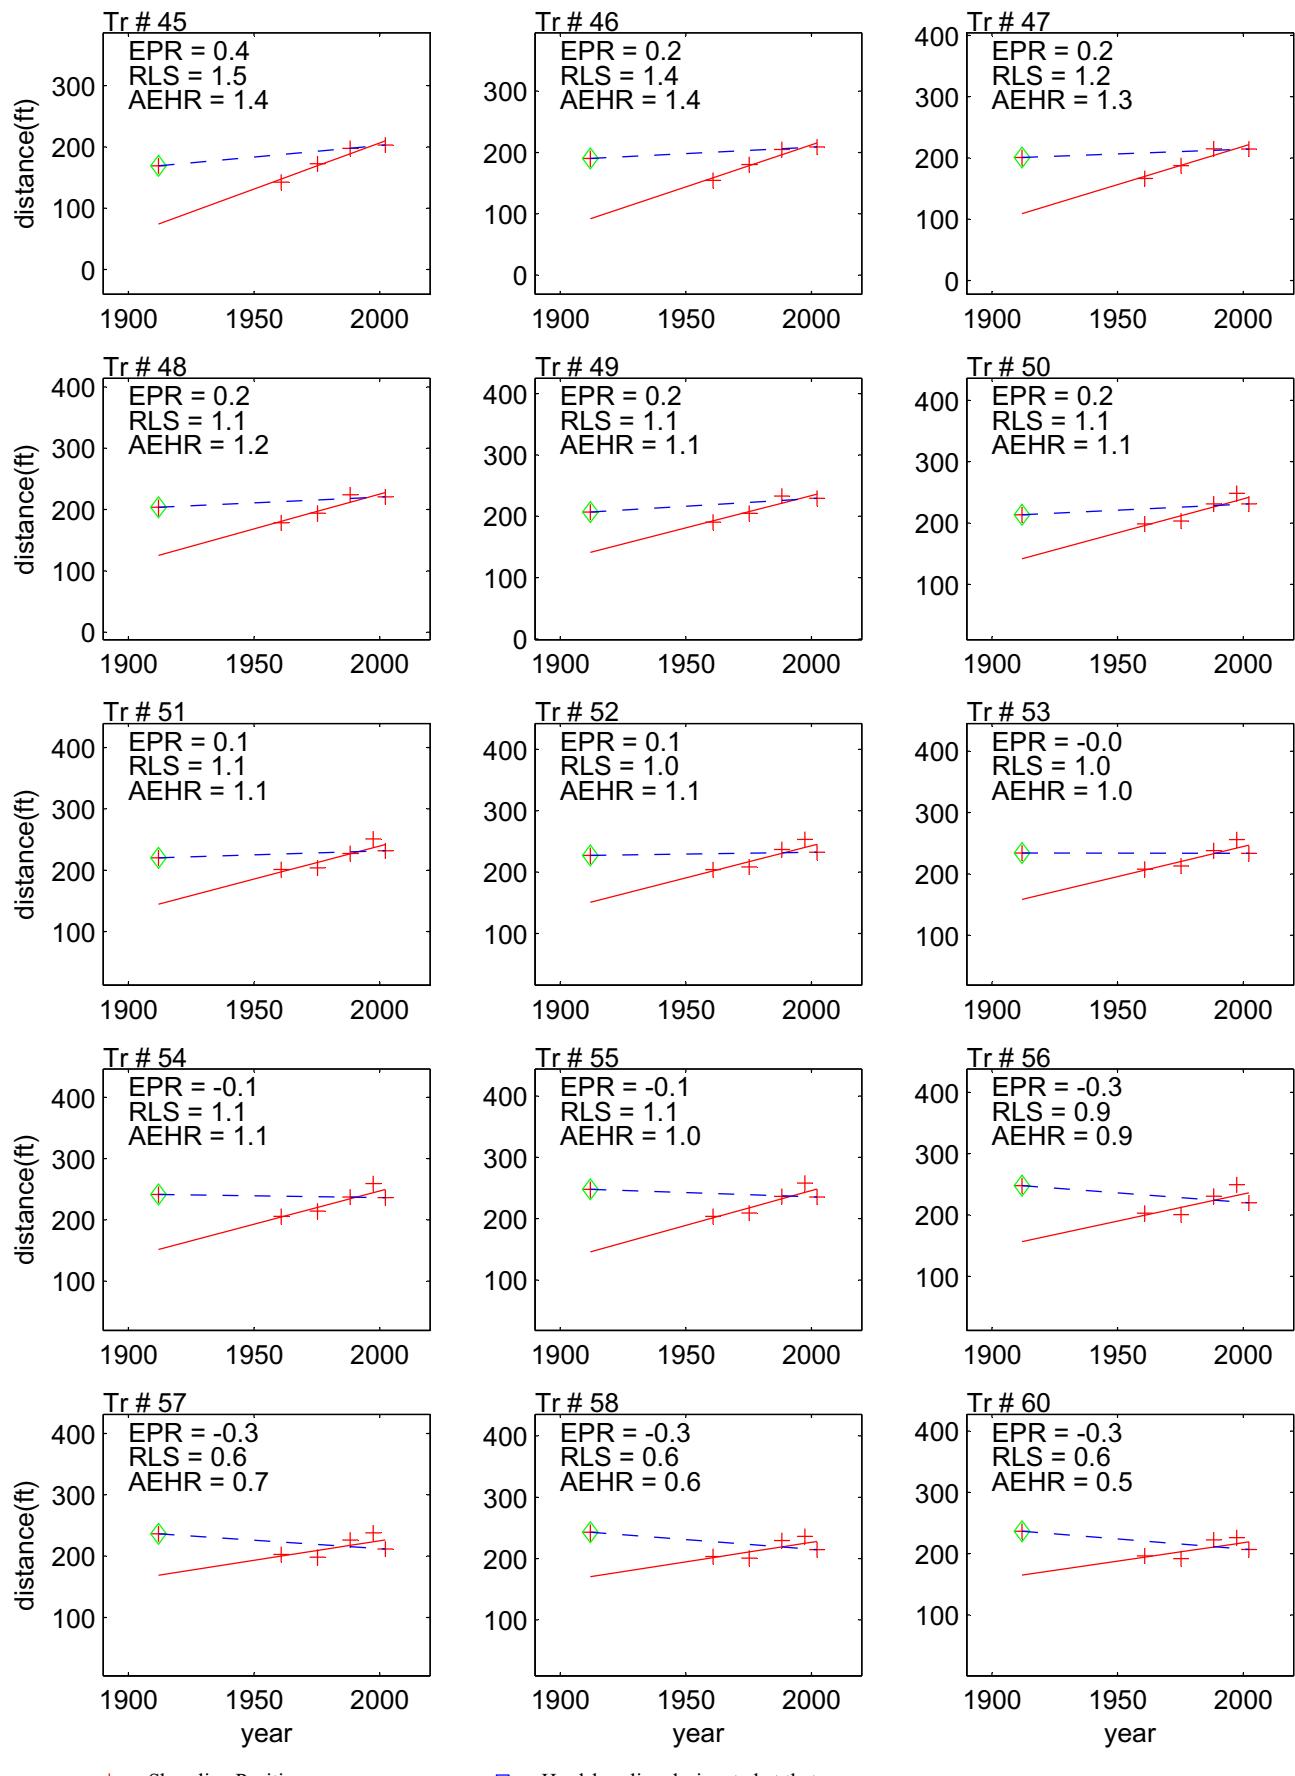

+= Shoreline Position

◇= Outlier

□= Hardshoreline designated at that
transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

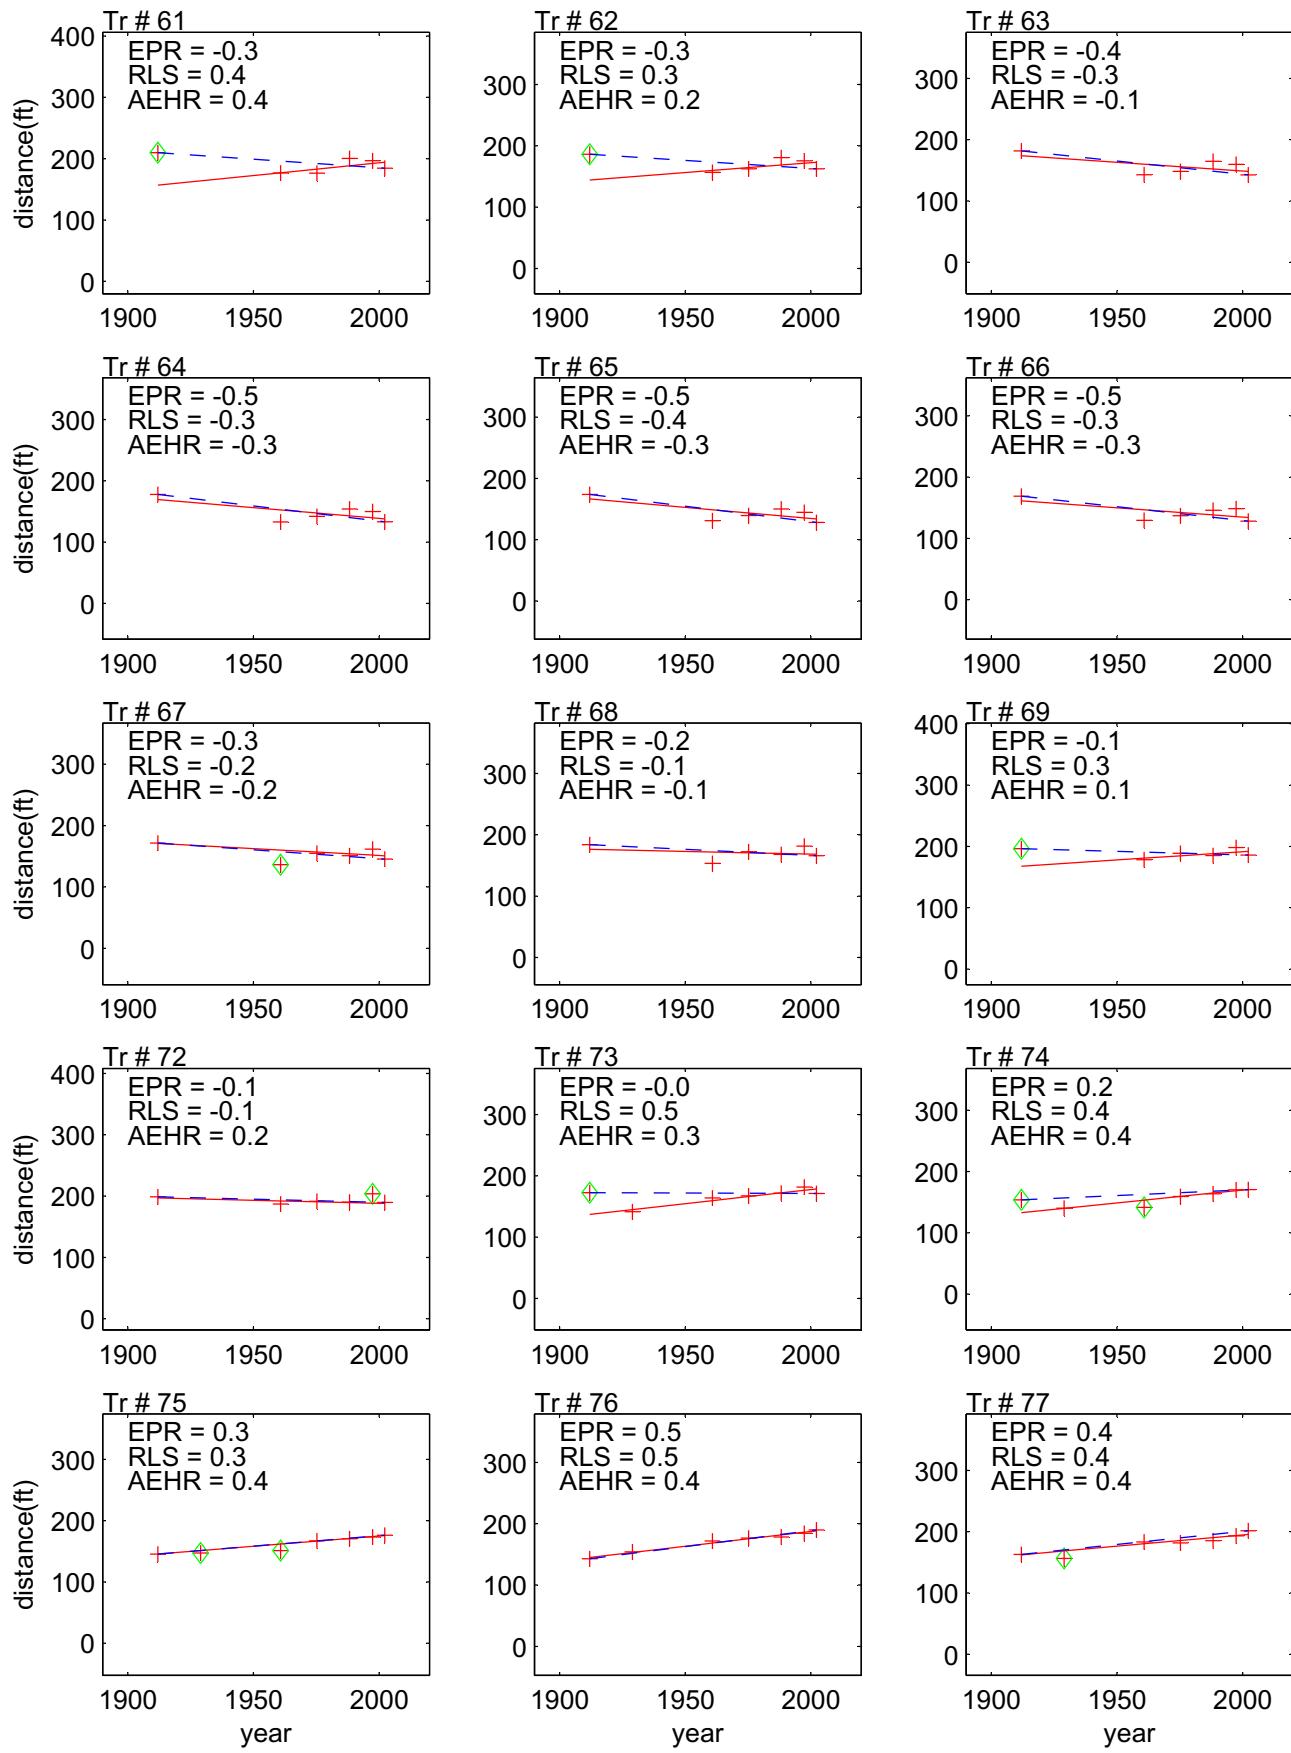

+ = Shoreline Position

◇ = Outlier

□ = Hardshoreline designated at that
transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

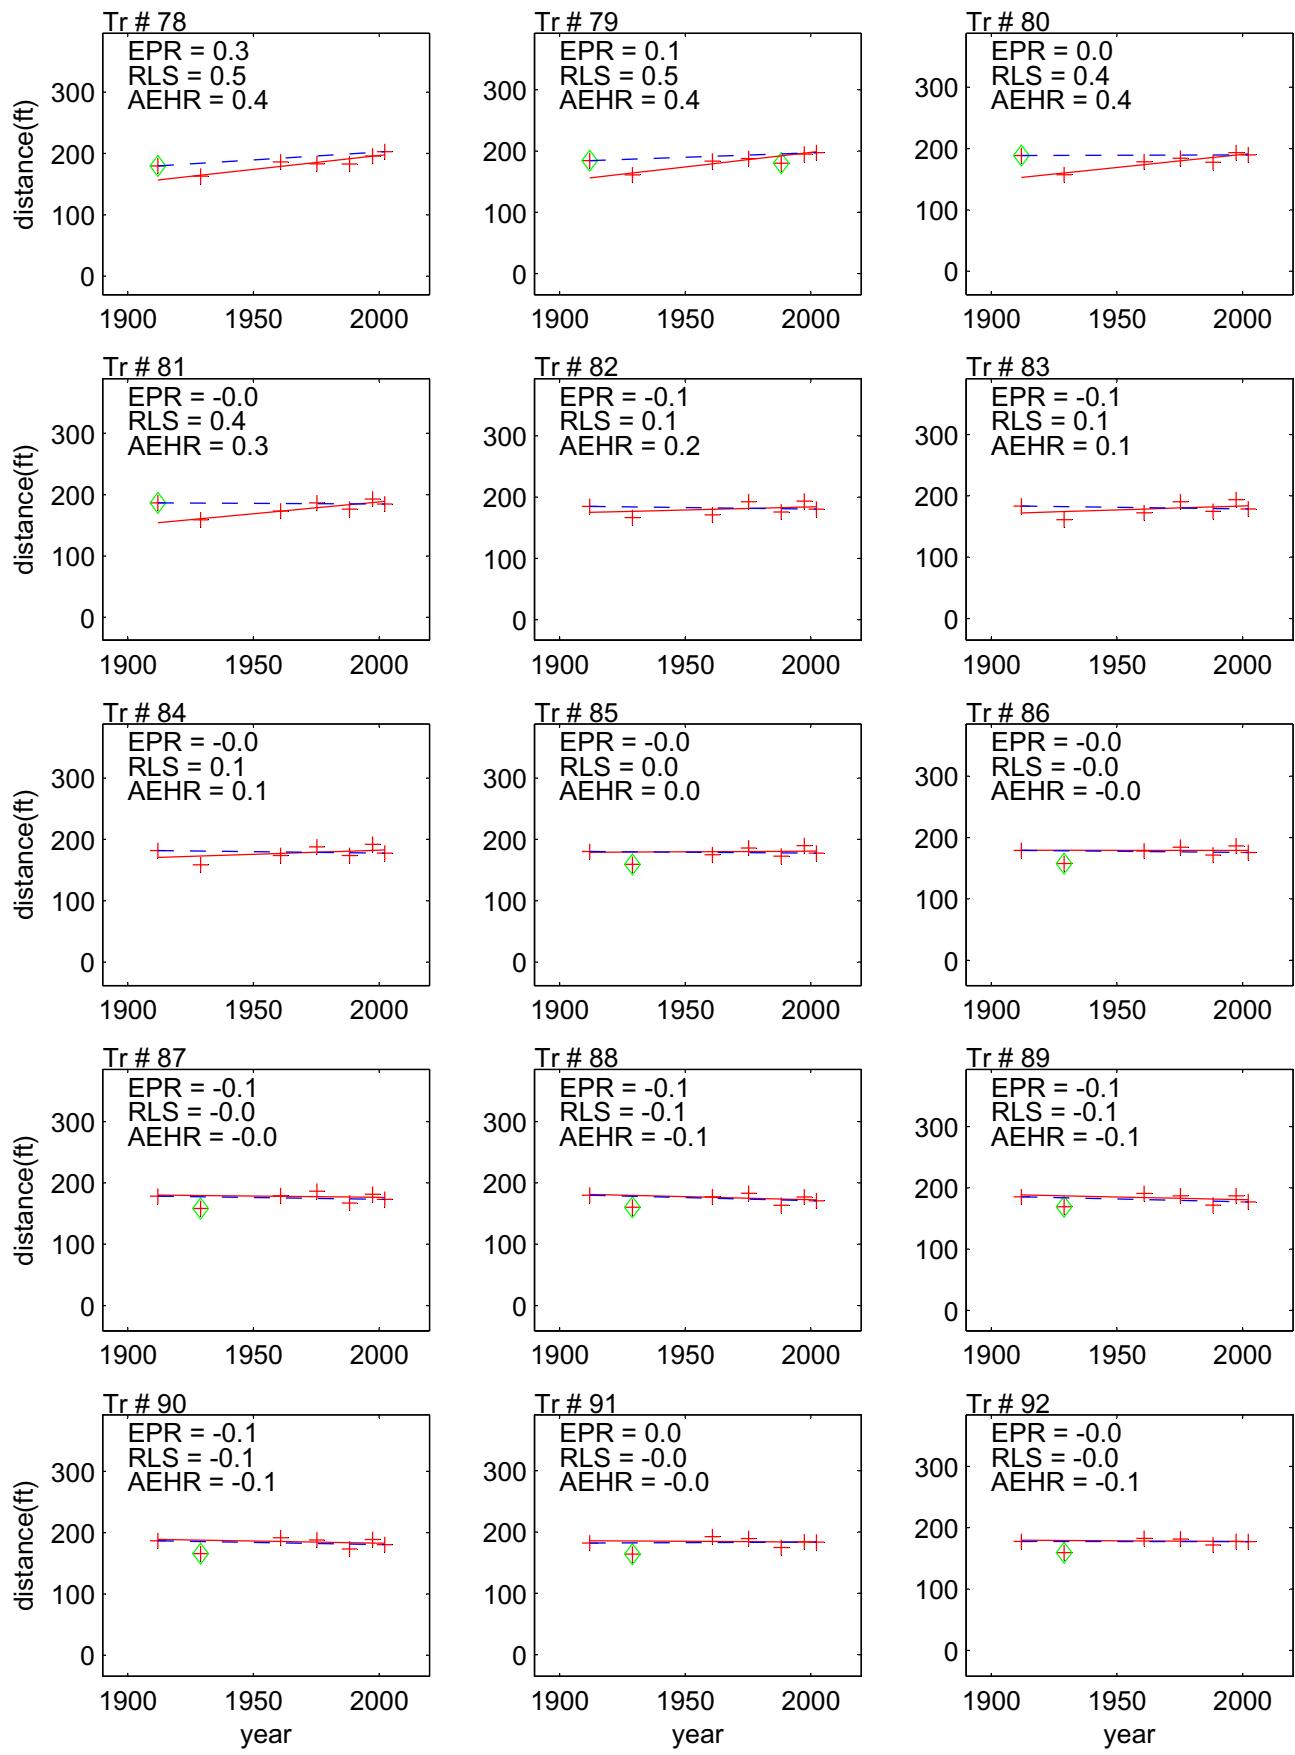

$+$ = Shoreline Position

\diamond = Outlier

\square = Hardshoreline designated at that transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

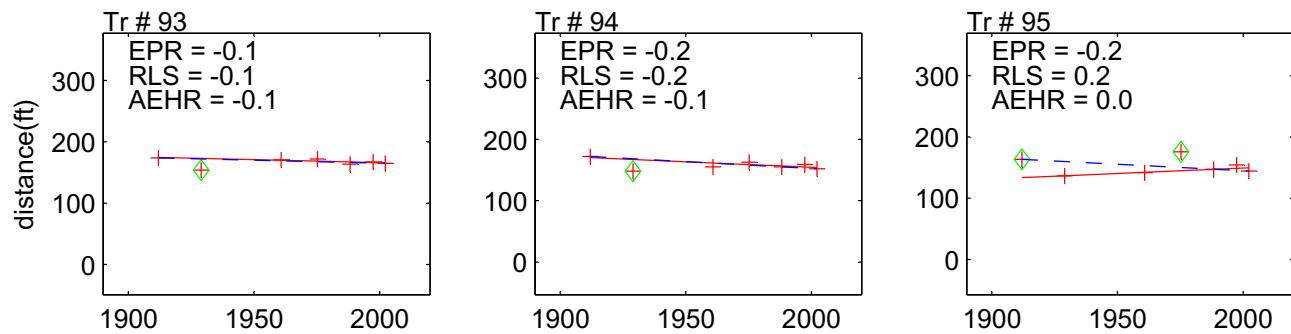

+ = Shoreline Position

◇ = Outlier

□ = Hardshoreline designated at that transect location for that year.

Waihee - Shoreline Positions and Erosion Rates

+= Shoreline Position

◇= Outlier

□= Hardshoreline designated at that
transect location for that year.
