 Manipulator N/A Water Depth 150M
 Other _____ Water Temp. _____
 Support Vessel KILA Visibility _____
 ABT # at Neutral _____
 Captain R. BARNES

Dive Results/Remarks: Travelled inshore to north end
of Kailua Bay to use steep rocky
wall as sonar target. This did not work
well so moved out to 150m, used
sounder mode with bottom as target.
This worked very well. Good returns over
200 m range.

Equipment Deficiencies: None
