MISSION EVALUATION:

Limitations, failures, or operational problems noted: *None*

Recommendations for corrective action or improvement: *None*

In your opinion, did the mission essentially achieve its purpose? Compare actual work accomplished with the work that was expected to be accomplished.

The mission achieved 50% of the intended training format for the dive. Lack of full tracking room crew caused a lapse in positioning which did not allow the Pisces to reach the second training site.

List specimens or samples collected on the mission.
