

West Maui Substrate Cover

Coral Reef Ecosystem Program (CREP)

Substrate cover derived from 5 meter bathymetry synthesis grid maintained by the University of Hawaii at Manoa (UH) Hawaii Mapping Research Group (HMRG) as well as optical validation data collected by the CREP, United States Geological Survey (USGS) and Hawaii Undersea Research Lab (HURL). Also shown NOAA chart 19347.

UTM Projection 4N
Ellipsoid WGS84
