Information Please read the following important information before continuing.	(I)
When you are ready to continue with Setup, click Next.	
Welcome to ImageMagick!	^
Before You Start	
Please note that properly installing this package may require administrator privileges.	
While multiple versions of ImageMagick may be installed at the same time, if your intention is to replace an old version with a newer, it may be wise to uninstall the old version first. To do so, go to the Control Panel, select Uninstall a program, select the old ImageMacgick version, click Uninstall and click Yes to	
confirm the uninstallation.	~
